EXPERIENCE

Danisoft solutions, Abuja Nigeria — Intern

August 2023 - October 2023 ~ 3 months

This organization excels in website Design & Management, Mobile Apps & Software Development. My experience with them is unforgettable because it was a good way to break into working with a team and collaborative development.

Kambok infotech, Abuja Nigeria — Intern

August 2024 - October 2024 ~ 3 months

This organization excels in website Development & Management, and delivering amazing fullstack applications to their clients and I learnt a lot from them.

EDUCATION

Veritas university, Abuja Nigeria — BSc Software Engineering

October 2022 - Present ~ 2026

CGPA : 4.5

My time in this University has helped in shaping me to be the outstanding developer I am, I'm still learning a lot.

TECHNOLOGIES

Design: Figma, Edraw, Sketch, Bootstrap Studio.

Frontend: Html, Css, Javascript, TypeScript, Tailwind Css, Bootstrap, React.

Backend: NodeJs, Python, Java, php, ExpressJs, Appwrite, Firebase.

Fullstack: NextJs, MERN, Django, Flask, Astro, Flutter Dart.

Database: MySql, Postgresql, MongoDB, IndexedDb, Firestore, Supabase, Drizzle.

Others: Git & Github, AI integrations, Api Integrations, Vite, npm, pnpm, Jest, Docker, Postman, threeJs, etc...

Hosting: Vercel & Hostinger.

SKILLS

Proficient in Javascript & Python

LANGUAGES

English.

PROJECTS

Film finder — *Film research web app*

Integrated the OMDB API to enable detailed film search functionality. Implemented efficient search and display logic using React and Tailwind, allowing users to retrieve film data within 2 – 5 seconds.

Technologies: React, React router, TailwindCss & Vercel.

Link : <https://filmfinder-irvin.vercel.app/>

Taskmaster — *Productivity management web app*

This is a web app that enhances the tasks of an individual online by keeping track of their tasks. Re-shaping todo apps.

Technologies: React, React router, TailwindCss & Vercel.

Link : <https://taskmaster-irvin.vercel.app/>

Qr Code — *Qr code generation web app*

This web app generates qr codes for certain urls based on the user. It includes qr code generation for ; Links, Emails, Texts, Calls, Sms messages, Whatsapp messages and others that are in production.

Technologies: React, TailwindCss & Vercel.

Link : <https://qr-code-irvin.vercel.app/>

Many more advanced projects in production.....

REMARKS

I'm a motivated software engineering student with hands-on experience in web and mobile app development, specializing in full-stack solutions. Skilled in modern technologies like React, Node.js, and Next.js, I aim to create impactful solutions while continually improving my expertise.
